## Amy's Story...in part

Many of you may or may not know who Amy Jensen was. Amy, a former resident of

Estherville, was a student, daughter, sister, runner, and friend to many. Amy was filled with love and life. After

battling leg pain during her high school sports,

Amy was found to have a tumor. She was

diagnosed with

Osteosarcoma at the age of 16. From there

Amy underwent chemo, radiation, had

her left leg amputated, and

underwent several lung surgeries. Amy

was determined to return to

running

as soon

as her health was in check, but she never got the chance. Amy lost her life to cancer at the

age of 19 in 2009. Throughout everything Amy endured she never gave up her faith and longed

to share her faith with others. Amy shared her testimony to churches and schools before she

was gone. She touched many people's lives and hoped to continue touching them long after she

was gone.

Through the Team Amy Run we hope to continue to share Amy's testimony and reach out to those

in-need in the community. Amy's love and laughter can still be heard today through stories,

memories, and the Team Amy Run!
